ARC 70 console

Collection ELEMENTS

Reference : K-PR203

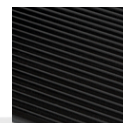

The ARC 70 can be used as a bookcase or a decorative shelf. Its ultra-light weight will allow you to move it easily.

Its base, made up of a profile split in two, will assert with character all the power of carbon fibre. The shelves, formed from carbon plates, enhanced with carbon rods, give the furniture a luminous and ridged texture of 100% carbon.
